

REMARKS

The specification has been amended to reflect the national stage status.

A revised Sequence Listing has been submitted in both paper and computer readable form as required by 37 C.F.R. 1.821(c) and (e). Amendments directing its entry into the specification have also been incorporated herein. The content of the paper and computer readable copies are the same and no new matter has been added.

In addition, the claims have been amended to remove multiple dependencies in order to remove improper multiple dependencies and to reduce the PTO filing fee.

Favorable action on the merits is solicited.

Respectfully submitted,

Yoshihiro HORIUCHI
